

**SEEKING SCHOOL COUNSELORS WHO HAVE EXPERIENCED  
SUICIDE ATTEMPTS OR COMPLETIONS IN THEIR SCHOOLS**

We are seeking participants for a study of suicidal behavior and academic pressure. If you are a school counselor who has had experience in the past 10 years with middle- or high-school aged students who engaged in suicidal behavior, from attempts to completion (not including ideation), we would appreciate your input to an anonymous online survey, which should take approximately 25 minutes.

Your responses will help to enlighten researchers on this very important subject. A report of the study's findings will be sent to all participants who would like one.

If you have not had experience with suicidal students, we would greatly appreciate your sharing this invitation with other counselors who might be able to help us.

To access the survey, go to [http://bit.ly/Counselor\\_Study](http://bit.ly/Counselor_Study) or read the QR code below.

For more information, contact Dr. Jennifer Riedl Cross at [jrcross@wm.edu](mailto:jrcross@wm.edu).
